These fests are organized every year with the objective to provide platform for the students to showcase their talent with a competitive spirit. The event was successful enough to attract as many as 500 registrations for two day fest which includes all the events. The fest executed with a total of 8 events planned and organized at its best of quality. Focusing on the types of events to include in the fest was decided by fest coordinators keeping the interest and need of the engineering student into consideration, with little emphasis on the fun filled events behind the scene.

First Day 'TECHNICAL' events like Paper presentation, Poster presentation, Technical Quiz, Triathlon were equally planned and executed that managed to gather maximum response. As far as Paper presentation event is concerned the registrations were done in advance as the paper scrutiny needed to be done and to give opportunity to present best innovative idea submitted during the fest days. A total nearing to 50 innovative ideas were acknowledged in various papers and problem statements from various esteemed colleges like ST.MARTIN, ST.PETERS, MRITS, CMRCET etc along with MRCET.

Second Day 'KALA' cultural events like Short Film Making, Best Out of Waste, Carvature, Pictomania were planned and executed well. With the Immense Support of Creative Film Director Sandeep Mattapalli, the best Short Film was chosen out of 12 registrations. Best Out of Waste- Recycle - plastic bottles and paper plates, cups, empty cartons were used to make lovely craft articles. Carvature- the act of curving from the common used items. Lot of exciting spot events were also held on the traditional day.

The winners were encouraged with the cash prizes and merit certificates in Valedictory Function. The Appreciation certificates were awarded for the organizing members. Department feels proud to organize such a successful event and would like to convey thanks to principal and management for their timely advice and cooperation for organizing the Fest.
